- **Current GPA:** 7.5
- **Diploma in Computer Application**

SKILL'S

- HTML, CSS, JavaScript
- Java, Object Oriented Programming

Designing Tool

- Figma ,Canvas

EXPERIENCE

WEB DEVELOPMENT

During my one-month internship at Unified Mentor, I worked on developing interactive and dynamic web applications. I gained hands-on experience in creating visually engaging interfaces, optimizing performance, and enhancing user experience. Collaborating with the team, I focused on implementing efficient coding practices and modern web technologies while working in an agile development environment..

PROJECT

AMAZON CLONE

Successfully developed an Amazon clone using HTML and CSS. Demonstrated proficiency in web development, design, and attention to detail. Showcase your project to highlight your coding expertise and creativity.

TODO LIST

Task manager: Organize tasks efficiently. Prioritize, schedule, and track progress seamlessly. Enhance productivity with intuitive user interface and interactive features.

EMPLOYEE MANAGEMENT SYSTEM

Redefining the traditional Employee management system using JAVA , JDBC , and SWING. Crafting an immersive experience, engaging users with innovative designs and responsive interactions.

HOBBIES

- Coding Problem Solving
- Reading Books

TOOLS IDE

- Visual Studio Code, Eclipse, IntelliJ
- Excel, MS Word
